ABOUT THIS PROPERTY

The impressive New England bank barn provides the backdrop to a c1800 center chimney Cape sited on 121 acres of rolling Vermont farmland within eight miles of Norwich, Hanover and Dartmouth College. The 3,300± s.f. four bedroom/four bath farmhouse is beautifully updated, with an open kitchen, family room, master and guest suites. Dry set stone walls and perennial gardens connect the residence with the cider mill, now a party barn, overlooking the stream-fed swimming pond. The four-level bank barn includes 6 stalls, a tackroom, workshop and hay storage. Split-rail fenced paddocks and a large sand ring complete the amenities of this classic Vermont horse farm set amid hundreds of acres of open land threaded with trails.
